Leaders and Leadership Teams training in 2024

For 2024 we have redesigned the Leaders Program to be relevant to both Church Authorities like bishops and religious leaders as well as their Leadership Teams, on the basis that its helpful for those who are delegated responsibilities to be part of ensuring a national and consistent approach to safeguarding.

The training is especially intended for:

- Church Authorities such as bishops, religious superiors, and trustees of Ministerial PJPs
- Diocesan, MPJP and religious institute leadership teams

Church Authorities who have not previously attended ASCL's Leaders training session are especially encouraged to attend.
