Annual list affirmation form

This form is to be used by Church Authorities or their delegates to affirm the status of ministers associated with their entity. This must be done annually, preferably in response to ACSL's distribution of lists at the beginning of each year.

In preparing to make this declaration, Church Authorities or their delegates should carefully review the list provided by ACSL. This review should be done in light of the requirements outlined in the [Individual Safeguarding Declaration](#) and [Church Authority Safeguarding Statement](#) given when registering individuals for the ACMR. These statements can be found together [here](#) and more information about statuses and ACSL's policies is available in our [Procedure's Guide](#). In doing so they should be assisted by their staff who work with the ACMR routinely and professional standards staff.

Church Authority or delegate's affirmation

I acknowledge that all ACMR ID holders must continue to meet the ACMR's requirements in order to retain their approved status. Having examined the list of ACMR ID holders associated with my Church entity, I affirm that all those listed as approved meet these requirements or that I have attached Change of Status forms as appropriate. I also affirm that the statuses listed for all other ID holders remain appropriate.
